**KIDS EARTH HOME Tohoku**

Every month we regularly hold art workshops with children at KIDS EARTH HOME Tohoku located in Watari-cho, Miyagi prefecture.

**February 28th**

The workshop offered children the opportunity to draw their favorite subjects on traditional Japanese hand towels, 6 meters in length, donated by the RE organization. Some children painted with their own hands, some mixed and used their own colors, each child drawing out his / her individuality. In the end, the children created one huge work of art. Afterwards, the children enjoyed refreshments and snacks including Jagabee courtesy of Calbee.

**March 28th**

Paintings which children at Kids Earth Home Tohoku draw are used for dishtop for charity goods of ASKUL. The 3% soft proceeds goes for children in Tohoku.

**Charity party in Ebisu**

With the support from Crown Worldwide KK, KIDS EARTH HOME Headquarters held a Charity Party to raise the fund to support our children at the KIDS EARTH HOME in Cambodia. We enjoyed playing Raffle with approximately 80 people who attended the event. The prizes of the game were soccer balls and jerseys from adidas the cosponsor, and bottles of Champagne from Crown Worldwide K.K. The total sale of the raffles mounted up to 336,880yen, and we cannot thank everyone enough for their kindest support. We are now in the tough situation at the orphanage in our KIDS EARTH HOME in Cambodia. We got notified unexpectedly that the landlord decided to sell the property and the children there had no choice but to move to a new place. Now without the support we had been receiving at the previous place, we are on our own to pay the rent, salaries for the staff, food and education for all 53 children in our HOME. The proceeds of this charity party will be worth three months' support they need.
